

INSTRUCCIONES DE MONTAJE ASSEMBLY INSTRUCTIONS

A collection of seven line drawings of tools and equipment. The top row shows two stylized figures using a measuring tape and a large square. The middle row features a tape measure and a claw hammer. The bottom row contains two screwdrivers (one with a Phillips head, one with a flat head) and a cordless power drill.

A detailed diagram of a modular shelving system. The system consists of several vertical frames and horizontal shelves. Components are numbered in circles: 01 through 39. Weights are placed on the shelves, labeled with their mass in kilograms (kg): 3kg and 8kg. The diagram illustrates how the components are assembled into a functional shelving unit.

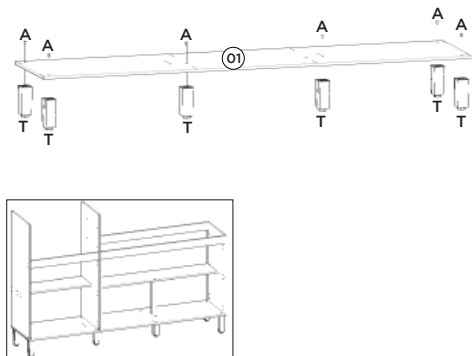

Technical drawing of the 'L' shaped cabinet 'L' 120 cm. The drawing shows the cabinet's modular construction with various components labeled with circled numbers:

- 34**: Top left corner unit.
- 35**: Top middle and right corner units.
- 36**: Small top right extension unit.
- 38**: Middle left open shelving unit (two units shown).
- 33**: Bottom left corner unit.
- 32**: Bottom middle and right corner units.

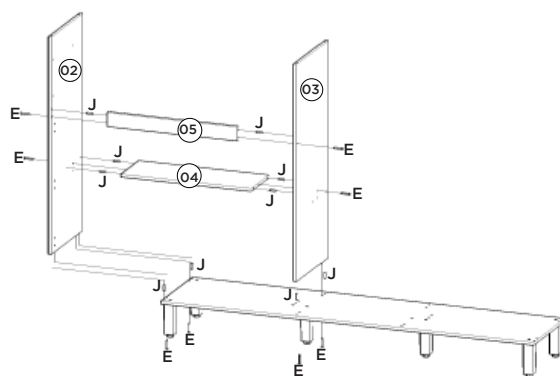

The drawing also includes dimensions: 120 cm for the total width and 80 cm for the depth. Small icons in the bottom left corner indicate the cabinet's features: a lock icon, a 'no fire' icon, and a 'no water' icon.
